

INTERNATIONAL SUPERKART SERIES

NEWSLETTER NR 1 2010

After the success of the super kart event in Dubai, preparations for the 2010 season are now in full swing, we should be finalising the calendar very shortly. In this newsletter we want to draw your attention to two events.

The first event taking place on May 15th & 16th at Assen, where we will be part of the Superleague Formula (www.sf-assen.com) package. The Superleague Formula is an real crowd puller, with as many visitors as the RIZLA event.

The second event taking place on August 14th & 15th at Zandvoort. This event is one week after the European Championship race at Assen, so an excellent opportunity for a week with your team / family to enjoy the beautiful resort of Zandvoort (www.vvvzandvoort.nl). The track is 5 minutes walk from the resort. There are a maximum number of 40 participants and there will be additional regulations concerning noise levels. As soon as we have the final calendar we will arrange with Circuit Park Zandvoort some noise tests.

We are expecting a large uptake this season so subscribing to all races will save disappointment. The entry fee per event is unchanged at € 350.00.
